

# Understanding Your Employee Statement of Pension Benefits

The following information is being provided to assist you in better understanding your annual employee statement of pension benefits under the Shared Risk Plan for Certain Bargaining Employees of New Brunswick Hospitals (CBE).

## Personal Information

This section outlines your basic personal and employment information. Also included is your date of membership – this is the earliest date from which you became a member of the CBE (*includes, if applicable, membership date in the Pension Plan for Part-Time and Seasonal Employees of the Province of New Brunswick (PT&S Plan)*).

## Pensionable Service (years)

The years of service used to calculate your pension benefit. If you have elected to purchase any past service or have transferred service from another pension plan through a reciprocal transfer agreement, this pensionable service will be displayed within the “Purchased/Transferred service” row.

## Employee Contributions

This section breaks down your contributions to the pension plan as follows:

**Your contributions with interest as at December 31, 2022** - The total of your contributions plus interest earned as of December 31, 2022.

**Your contributions in 2023** - The contributions you made to the plan in 2023.

**Interest credited in 2023** - The interest credited in 2023.

**Adjustment following a division of assets due to a marriage/common law breakdown** - this reflects the applicable adjustment to employee contributions as a result of a transfer of CBE funds during 2023 resulting from the division of assets due to a marriage/common law breakdown.

**Your contributions with interest as at December 31, 2023** - The total of your contributions plus interest earned as of December 31, 2023.

**Annual rate of interest credited in 2023** - The annual rate at which interest was credited on employee contributions during 2023.

## Employer Contributions

Contributions your employer made to the plan between January 1, 2023 and December 31, 2023.

## Vesting Status

This section indicates whether or not you are eligible to receive a pension benefit from the CBE upon your retirement.

### How do I become “vested”?

Vesting refers to whether or not you are eligible to receive a pension under the CBE. You are “vested” upon the completion of the earlier of: five years of continuous employment; two years of pensionable service in the CBE; or two years of membership in the CBE (*includes, if applicable, membership in the PT&S Plan*).

## Retirement Dates

If you are vested as at December 31, 2023, this section reflects the date of your earliest possible retirement date with a reduced pension as at December 31, 2023 (the later of January 1, 2024 and the month following your 55<sup>th</sup> birthday or the month of your 55<sup>th</sup> birthday if it falls on the 1<sup>st</sup> of the month) as well as your Normal Retirement Date (the later of January 1, 2024 and the month following your 65<sup>th</sup> birthday or the month of your 65<sup>th</sup> birthday if it falls on the 1<sup>st</sup> of the month).

## Pension Benefit Estimates

The estimates shown are calculated using all service earned up to December 31, 2023. The estimates take into account the 5.59% Cost of Living Adjustment (COLA) that was awarded on January 1, 2024.

The following estimates are provided:

- Your earliest retirement date with a reduced pension (if you are under age 65 as at December 31, 2023); and
- Your earliest retirement date with an unreduced pension.

Please note, these estimates are gross amounts before taxes and deductions.

As there is a bridge benefit pension component under the plan payable up to age 65, two rows of pension amounts ("Monthly benefit payable until age 65" and "Monthly benefit payable from age 65") will be provided (if you are under age 65 at the end of the statement period) to show the pension amounts payable with and without the bridge benefit.

*Please note the pension amounts provided are based on the Normal Form of Pension under the CBE. In addition, there are optional forms of pension that you can select in place of the Normal Form of Pension if your personal status allows; these optional forms of pension typically result in the reduction of your own pension to account for the payment of a higher survivor pension or a longer guarantee period for your spouse/designated beneficiary(ies) as applicable. Details regarding the various forms of pension available under the CBE are available in the CBE Member Booklet, found under the "Booklets" section at [cbenb.ca](http://cbenb.ca).*
