One of the most popular benefits provided by Medavie Blue Cross is prescription drug coverage for individuals and their families. There are two distinct plans available.

The Reimbursement Plan

The subscriber pays the pharmacist for the full cost of the prescription and sends the detailed receipt to Medavie Blue Cross for reimbursement at 80%. With this plan there is a deductible of \$50 per participant to a maximum of \$100 per family per calendar year.

The Pay-Direct Plan

The subscriber simply presents his/her Medavie Blue Cross identification card and pays the pharmacist 20% of the cost of the prescription. The pharmacist will bill Medavie Blue Cross for the balance. This benefit is only for services rendered in Canada.

Note: This prescription drug coverage is not available to any participant aged 65 or over who is eligible under a government-sponsored prescription drug program. Please refer to the contract for a more detailed explanation of benefits.

Please note that you must have had drug coverage under your group plan to qualify for prescription drug coverage through *Select*.

▶ Dental WITH AD&D (Optional)

The dental benefits covered are those that are cited as the most-often requested. Medavie Blue Cross will pay 70% of the dentist's usual and customary fees, up to the current provincial fee guide for general practitioners.
