- 3.14 For greater certainty, a former employee of the Employer who participated in the CBE Plan and terminated employment prior to the Conversion Date and, upon such termination of employment, was not vested under the terms of the CBE Plan shall not be entitled to any benefit under this CBE Shared Risk Plan and shall only be entitled to the benefit described in Section 10.01 of the CBE Plan and as set out in Schedule A hereto.

Article V
BASE BENEFITS

- 5.1 The Base Benefits described in this Article V are the intended Base Benefits under this CBE Shared Risk Plan. Notwithstanding any other provision of this CBE Shared Risk Plan, the Funding Policy allows or requires the Board of Trustees to adjust the Base Benefits. Such adjustments may be positive or negative and will affect all classes of Members, Claimants, Pre-Conversion Retirees, Other Pre-Conversion CBE Claimants and their beneficiaries under the CBE Shared Risk Plan. Notwithstanding any other provision of this CBE Shared Risk Plan, any adjustments to Base Benefits made pursuant to the Funding Policy shall be paramount for the time period required under the Funding Policy and shall affect the Base Benefits specified in this CBE Shared Risk Plan. Any such adjustments shall be documented in Appendix C from time to time.
- 5.2 Subject to Article XXI, for each Pre-Conversion Retiree and Other Pre-Conversion CBE Claimant, the Base Benefits shall be the sum of (i) and (ii), adjusted where required according to Appendix C:
- (i) the amount of pension, including any COLA granted on a pension prior to the Conversion Date, paid or payable as at the Conversion Date, as determined under the CBE Plan, but without reference to future COLA, plus
 - (ii) COLA as may be granted by the Board of Trustees from time to time in accordance with Article VI and the Funding Policy, as documented in Appendix A.

Such Base Benefits shall not include potential future COLA not yet granted.

- 5.3 Subject to Article XXI, for each Member, the Base Benefits shall be the sum of (i), (ii) and (iii), adjusted where required according to Appendix C:
- (i) with respect to the Member's Pensionable Service, if any, under the CBE Plan prior to the Conversion Date, the amount determined pursuant to Section 5.4; plus
 - (ii) with respect to the Member's Pensionable Service on or after the Conversion Date, the amount determined pursuant to Section 5.5; plus
 - (iii) COLA as may be granted by the Board of Trustees from time to time, in accordance with Article VI and the Funding Policy, as documented in Appendix A.

Such Base Benefits shall not include potential future COLA not yet granted.

- 5.4 Base Benefits (prior to any adjustments required by Article XII or XIV or Appendix C) of a Member for purposes of paragraph 5.3(i) shall be equal to the sum of (i) and (ii):
- (i) The number of years (and fractions thereof) of the Member's Pensionable Service prior to January 1, 1990 multiplied by 2.0% of the annual average of the Member's

CBE Plan Earnings during the period of five (5) consecutive years prior to July 1, 2012 during which such earnings are highest; plus

- (ii) The number of years (and fractions thereof) of the Member's Pensionable Service after December 31, 1989 and prior to July 1, 2012 multiplied by the sum of (a) and (b) as follows:
 - (a) 1.3% of the annual average of the Member's CBE Plan Earnings during the period of five (5) consecutive years prior to July 1, 2012 during which such earnings are highest up to the Conversion Date YMPE; and
 - (b) 2.0% of the portion of the annual average of the Member's CBE Plan Earnings during the period of five (5) consecutive years prior to July 1, 2012 during which such earnings are highest, that is in excess of the Conversion Date YMPE.

For the purposes of this Section 5.4, if a Member has less than five (5) years of Pensionable Service as at the Conversion Date, the annual average of the Member's CBE Plan Earnings shall be calculated using the actual period of Pensionable Service of the Member as at the Conversion Date.

- 5.5 Base Benefits (prior to any adjustments required by Article XII or XIV or Appendix C) of a Member for purposes of paragraph 5.3(ii) shall, for each year (or proportionate amount for part of a year) of the Member's Pensionable Service on and after the Conversion Date, be equal to the sum of (a) and (b) as follows:

- (a) 1.4% of the Member's annualized Earnings for the calendar year, up to the YMPE for the calendar year; and
- (b) 2.0% of the portion of the Member's annualized Earnings for the calendar year that are in excess of the YMPE for the calendar year.

- 5.6 For greater certainty, any automatic increases in accrued pensions, deferred pensions, and pension benefits, either by formula or contingent on salary increases, under the CBE Plan no longer apply under the CBE Shared Risk Plan as of the Conversion Date, as permitted under Section 100.52 of the Pension Benefits Act. Instead, future COLA may be granted by the Board of Trustees from time to time in accordance with Article VI.

Article VI
COLA AND OTHER ANCILLARY BENEFITS

- 6.1 COLA is an Ancillary Benefit and shall be granted annually in the month of January on a conditional basis in respect of all Base Benefits in payment on or accrued up to December 31 of the previous year. For greater certainty, COLA may be nil in a given year or years, as determined by the Board of Trustees in accordance with the Funding Policy. Each time COLA is granted to Base Benefits as described above, COLA shall be applied to increase the Bridge Benefit Amount.
- 6.2 Each year COLA shall be added to the Base Benefits in respect of past periods for Members, Pre-Conversion Retirees, Other Pre-Conversion CBE Claimants and Claimants, only if sufficient funds are available in the CBE Shared Risk Plan to provide such COLA as determined by the Board of Trustees in accordance with the Funding Policy. The Board of Trustees shall determine the amount of COLA to be granted in any given year in accordance with the Funding Policy.
- 6.3 COLA granted in any given year by the Board of Trustees in accordance with the Funding Policy shall be limited to the amount permitted under the Income Tax Act.
- 6.4 Once COLA is granted for a given year to a Member, a Claimant, a Pre-Conversion Retiree or Other Pre-Conversion CBE Claimant in accordance with this Article VI and the Funding Policy, it becomes part of the Base Benefits under Article V for such Member, Claimant, Pre-Conversion Retiree or Other Pre-Conversion CBE Claimant, as the case may be.
- 6.5 COLA granted under the CBE Shared Risk Plan on and after the Conversion Date shall be documented in Appendix A.
- 6.6 The Ancillary Benefits in this CBE Shared Risk Plan are the intended Ancillary Benefits. Notwithstanding any other provisions of this CBE Shared Risk Plan, the Funding Policy allows or requires the Board of Trustees to make changes to the Ancillary Benefits. Such changes may be positive or negative and may affect all classes of Members, Claimants, Pre-Conversion Retirees and Other Pre-Conversion CBE Claimants. Notwithstanding any other provision of this CBE Shared Risk Plan, any changes to Ancillary Benefits made pursuant to the Funding Policy shall be paramount for the time period required under the Funding Policy. Any such changes shall be documented in Appendix C.
- 6.7 Once the Ancillary Benefits described in Section 12.6 are provided upon a Member becoming eligible for an immediate pension in accordance with Article XII and in accordance with the Funding Policy, such Ancillary Benefits become part of the Member's or Pre-Conversion Deferred Vested Member's Base Benefits under Article V.

Article VII
BENEFITS ON TERMINATION OF EMPLOYMENT

7.1 In the event of a Member's termination of employment with the Employer, other than through death, prior to the Member's Vesting Date, the Member is entitled to a refund of the Member's contributions to the CBE Shared Risk Plan and the CBE Plan with Accumulated Interest. The Member may direct that such refund be paid in any of the following ways, or as otherwise permitted from time to time under the Pension Benefits Act and the Income Tax Act:

- (i) Paid as a lump-sum cash refund to the Member (less applicable withholding taxes);
- (ii) Transferred to the Member's registered retirement savings plan, if the transfer is permitted under the Income Tax Act; or
- (iii) Transferred to the Member's registered retirement income fund, if the transfer is permitted under the Income Tax Act.

7.2 In the event of a Member's termination of employment with the Employer, other than through death, on or after the Member's Vesting Date but before the Member is eligible for an immediate pension under Article XII, the Member is entitled to a deferred pension under the terms of this CBE Shared Risk Plan. In lieu of a deferred pension, the Member is entitled to transfer the Termination Value under Section 7.3 (subject to Section 20.2). Within the time period prescribed under the Pension Benefits Act from time to time, the Board of Trustees shall provide the Member with the disclosure of information required to be provided under the Pension Benefits Act and an election form pursuant to which the Member may elect the transfer of his or her Termination Value under Section 7.3. For greater certainty, in the event of a Member's termination of employment, other than through death, after the Member's Vesting Date and after the Member has attained age fifty-five (55), such Member is entitled to a deferred pension under the terms of this CBE Shared Risk Plan, but is not entitled to make an election to transfer a Termination Value under Section 7.3.

7.3 A Member who is entitled to transfer the Termination Value may direct the Board of Trustees to transfer the Termination Value:

- (i) To another pension plan with the consent of the administrator of that pension plan,
or
- (ii) To any other prescribed retirement savings arrangement to which such a transfer is permitted under the Pension Benefits Act.

Upon providing the direction to the Board of Trustees, if the Termination Value exceeds the transfer limit prescribed by the Income Tax Act, the excess of the Termination Value over the prescribed transfer limit shall be paid in a lump sum to the Member (less applicable withholdings taxes).

The Member must provide this direction to the Board of Trustees within the time period prescribed under the Pension Benefits Act from time to time. If no such direction is provided within the time period prescribed under the Pension Benefits Act, the Member will be deemed to have elected to not make a transfer under this Section 7.3 and Section 7.4 shall apply.

- 7.4 Unless otherwise elected under Section 7.3 by the Member entitled to a deferred pension under Section 7.2, and subject to Article XX, such Member's accrued deferred pension under the CBE Shared Risk Plan shall remain in the CBE Shared Risk Plan and the Member shall be entitled to a deferred pension under the terms of this CBE Shared Risk Plan until the Member's pension commencement, death or marriage or common law partnership breakdown (in circumstances where a payment to the Member's spouse or common-law partner or former spouse or former common-law partner from the CBE Shared Risk Plan is required).
- 7.5 Upon the transfer of a Termination Value under Section 7.3 or a refund under Section 7.1, the Member has no entitlement to any further benefits or enhancements from the CBE Shared Risk Plan or payment from the Fund and shall cease to be a Member.
- 7.6 Any Pre-Conversion Deferred Vested Members shall not be entitled to transfer in accordance with Section 7.3 or any other transfer from the CBE Shared Risk Plan (unless provided under Article XX) and shall remain in the CBE Shared Risk Plan, entitled to a deferred pension under the terms of this CBE Shared Risk Plan, until the Pre-Conversion Deferred Vested Member's pension commencement, death, or marriage or common law partnership breakdown (in circumstances where a payment to the Pre-Conversion Deferred Vested Member's spouse or common-law partner or former spouse or former common-law partner from the CBE Shared Risk Plan is required).

Article VIII
DEATH BENEFITS

- 8.1 Upon the death of a Member who has not attained the Vesting Date, the Member's contributions to the CBE Shared Risk Plan and the CBE Plan with Accumulated Interest shall be paid in a lump sum:
- (i) if there is a surviving Spouse at the date of death and a waiver under Section 20.6 is not in effect on that date, to the Member's surviving Spouse; or
 - (ii) if there is a surviving Spouse at the date of death and a waiver under paragraph 20.6(ii) is in effect on that date, to the Member's surviving Spouse and Beneficiary in the proportions indicated on the form prescribed for that purpose under the Pension Benefits Act; or
 - (iii) if there is no surviving Spouse at the date of death, or if there is a surviving Spouse at the date of death and a waiver under paragraph 20.6(i) is in effect on that date, to the Member's Beneficiary.
- 8.2 Upon the death of a Member who has attained the Vesting Date, including a Member who is entitled to a deferred pension under Section 7.2 or a Pre-Conversion Deferred Vested Member entitled to a deferred pension under Section 7.6, provided the Member or Pre-Conversion Deferred Vested Member has not commenced to receive his or her pension, the death benefit payable shall be the Termination Value for such Member or Pre-Conversion Deferred Vested Member calculated as at the Member's or Pre-Conversion Deferred Vested Member's date of death.
- The death benefit shall be paid in a lump sum:
- (i) if there is a surviving Spouse at the date of death and a waiver under Section 20.6 is not in effect on that date, to the Member's or Pre-Conversion Deferred Vested Member's surviving Spouse; or
 - (ii) if there is a surviving Spouse at the date of death and a waiver under paragraph 20.6(ii) is in effect on that date, to the Member's surviving Spouse and Beneficiary in the proportions indicated on the form prescribed for that purpose under the Pension Benefits Act; or
 - (iii) if there is no surviving Spouse at the date of death, or if there is a surviving Spouse at the date of death and a waiver under paragraph 20.6(i) is in effect on that date, to the Member's Beneficiary.
- 8.3 In the event that the death benefit under Section 8.1 or 8.2 is payable to the Member's or Pre-Conversion Deferred Vested Member's surviving Spouse, such surviving Spouse may direct that such death benefit be transferred to his or her designated Registered Investment Vehicle, as permitted under the Income Tax Act.

- 8.4 Death benefits, if any, payable after a Member's or Pre-Conversion Deferred Vested Member's pension commencement date shall be in accordance with Article XI and the elections made by the Member or Pre-Conversion Deferred Vested Member at the time of pension commencement.
- 8.5 Upon payment or transfer under Section 8.1 or 8.2, the Member or Pre-Conversion Deferred Vested Member (including the Member's or Pre-Conversion Deferred Vested Member's Spouse, Beneficiary or estate) has no entitlement to any further benefits or enhancements from the CBE Shared Risk Plan or payment from the Fund.

Article IX
DESIGNATION OF A BENEFICIARY

- 9.1 Subject to the provisions of any applicable laws or regulations in effect from time to time, by written notice to the Board of Trustees a Member may designate a Beneficiary or Beneficiaries to receive any benefit that may be payable to a Beneficiary or Beneficiaries under the terms of the CBE Shared Risk Plan on the Member's death, and by similar written notice may alter or revoke such designation.
- 9.2 If, on the death of a Member, there is no designated Beneficiary or the Beneficiary has predeceased the Member, any death benefits that are payable under the terms of the CBE Shared Risk Plan to the Member's Beneficiary shall be paid to the Member's estate.
- 9.3 The provisions of this Article IX also apply to Other Pre-Conversion CBE Claimants and Pre-Conversion Retirees with the necessary modifications.

Article X
NORMAL RETIREMENT

10.1 For the purposes of the CBE Shared Risk Plan the Normal Retirement Date of a Member shall be the first (1st) day of the month coincident with or next following the Member's sixty-fifth (65th) birthday.

10.2 A Member who terminates employment with the Employer on the Member's Normal Retirement Date, provided that the Member has attained the Vesting Date, shall commence receipt of Base Benefits pension payments on Normal Retirement Date calculated in accordance with Article V and shall receive the Normal Form Pension described in Section 11.1 or Section 11.2, as applicable, or such optional form of pension as the Member may elect in accordance with the provisions of Section 11.4, and the provisions of Article VI and any adjustments required according to Appendix C apply thereafter.

If the Member has Pensionable Service prior to the Conversion Date, the Member must commence receipt of both the portion of the pension accrued before and after the Conversion Date at the same date.

10.3 A Member who terminates employment before the Member's Normal Retirement Date and after the Member's Vesting Date, and who did not elect a transfer under Section 7.3 or early payment under Article XII, shall commence receipt of the Member's Base Benefits pension calculated in accordance with Article V on the Member's Normal Retirement Date and shall receive the Normal Form Pension described in Section 11.1 or Section 11.2, as applicable, or such optional form of pension as the Member may elect in accordance with the provisions of Section 11.4, and the provisions of Article VI and any adjustments required according to Appendix C apply thereafter.

If the Member has Pensionable Service prior to the Conversion Date, the Member must commence receipt of both the portion of the pension accrued before and after the Conversion Date at the same date.

Article XI
FORMS OF PENSION BENEFITS

- 11.1 Subject to Section 11.2, the Normal Form Pension benefit payable to a Member upon his or her Early Retirement Date, Normal Retirement Date or Postponed Retirement Date, as applicable, is a pension payable in equal monthly instalments commencing on the Member's Normal Retirement Date, Early Retirement Date or Postponed Retirement Date, as applicable, and payable for the lifetime of the Member and with a guaranteed payment period of sixty (60) months (including COLA granted under Article VI and any adjustments required according to Appendix C). In the event the Member dies before the expiration of the guarantee period, the remaining payments shall be paid to the Member's Beneficiary or in a lump sum to the Member's estate, as applicable. For greater certainty, the Normal Form Pension does not apply to the Member's annual bridge benefit, if any, described in Section 12.4.
- 11.2 Notwithstanding Section 11.1, for a Member who has a Spouse on the date on which pension payments commence and the Member and the Spouse have not waived the right to a survivor pension in accordance with Section 11.3, the Normal Form Pension benefit is a joint and a survivor pension which is payable in equal monthly instalments commencing on the Member's Normal Retirement Date, Early Retirement Date or Postponed Retirement Date, as applicable, and payable for the life of the Member and payable after the Member's death to such Spouse for his or her life in equal monthly instalments equal to sixty percent (60%) of the amount paid to the Member at the time of death (including COLA granted under Article VI and any adjustments required according to Appendix C) (for greater certainty, a Member may elect an optional form under Section 11.4, provided that, where required, the Member and the Spouse have waived the right to a survivor pension). The joint and survivor pension under this Section 11.2 shall be the Actuarial Equivalent of the Normal Form Pension described in Section 11.1. For greater certainty, the Normal Form Pension does not apply to the Member's annual bridge benefit, if any, described in Section 12.4.
- 11.3 A Member who has a Spouse at the time of pension commencement may elect a Normal Form Pension described in Section 11.1 or an optional form described in Section 11.4 that provides a survivor benefit of less than sixty percent (60%) to the Spouse, or no survivor benefit at all, if:
- (i) The Member delivers to the Board of Trustees, within the 12-month period immediately preceding the date upon which payment of the pension is to commence, the written waiver by the Member and the Member's Spouse in the form prescribed under the Pension Benefits Act; and
 - (ii) This waiver is not revoked prior to the commencement of the pension.
- 11.4 In lieu of the Normal Form Pension payable under Section 11.1 or Section 11.2, as applicable, and subject to the restriction under Section 11.3, a Member may elect, before pension commencement, to receive pension payments in one of the following optional forms of pension. The pension payable under an optional form to a Member without a

Spouse, or for which a waiver is required and provided under Section 11.3, shall be the Actuarial Equivalent of the pension otherwise payable to the Member under Section 11.1. The pension payable under an optional form to a Member with a Spouse for which a waiver is not required under Section 11.3 shall be the Actuarial Equivalent of the pension otherwise payable to the Member under Section 11.2.

- (i) **Life Pension With Guaranteed Period of Ten Years** – Under this optional form of pension, payments are payable to the Member in equal monthly instalments commencing on the Member’s Normal Retirement Date, Early Retirement Date or Postponed Retirement Date, as applicable, and payable during the Member’s lifetime and, if the Member dies before receiving one hundred twenty (120) monthly instalments, payments are continued to the Member’s Beneficiary or to the Member’s estate (in a lump sum) as applicable, until in total one hundred twenty (120) monthly instalments have been paid (including COLA granted under Article VI and any adjustments required according to Appendix C).
- (ii) **Joint and Survivor Pension – 75%** – Under this optional form of pension, payments are payable to the Member in equal monthly instalments commencing on the Member’s Normal Retirement Date, Early Retirement Date or Postponed Retirement Date, as applicable, and payable during the Member’s lifetime and, if the Member predeceases the Member’s Spouse at the date of pension commencement, payments are continued to such Spouse for his or her life in equal monthly instalments equal to seventy-five percent (75%) of the amount paid to the Member at the time of death (including COLA granted under Article VI and any adjustments required according to Appendix C).
- (iii) **Joint and Survivor Pension – 100%** – Under this optional form of pension, payments are payable to the Member in equal monthly instalments commencing on the Member’s Normal Retirement Date, Early Retirement Date or Postponed Retirement Date, as applicable, and payable during the Member’s lifetime and, if the Member predeceases the Member’s Spouse at the date of pension commencement, payments are continued to such Spouse for his or her life in equal monthly instalments equal to one hundred percent (100%) of the amount paid to the Member at the time of death (including COLA granted under Article VI and any adjustments required according to Appendix C).
- (iv) **Other Optional Forms as determined by the Trustees** - Such other optional forms of pension as are determined from time to time by the Board of Trustees, and which comply with the Pension Benefits Act and the Income Tax Act.

For greater certainty, any optional form of pension does not apply to the Member’s annual bridge benefit, if any, described in Section 12.4.

11.5 Sections 11.1, 11.2, 11.3 and 11.4 apply to a Member whose pension commencement date is on or after the Conversion Date and to all Pre-Conversion Deferred Vested Members who had not started their pension at the Conversion Date. For Pre-Conversion Retirees and Other Pre-Conversion CBE Claimants in receipt of a pension at the Conversion Date, the provisions applicable to the form of payment of such pensions under the CBE Plan at the

Conversion Date continue to apply under the CBE Shared Risk Plan, except that COLA granted under Article VI and any adjustments required by Appendix C shall apply.

Article XII
EARLY RETIREMENT

12.1 A Member may elect to start to receive his or her pension payments on the first day of any month coincident with or following the Member's termination of employment with the Employer, after having attained the Vesting Date and having attained the age of fifty-five (55). Such date shall be the Member's Early Retirement Date.

If the Member has Pensionable Service prior to the Conversion Date, the Member must elect to commence receipt of both the portion of the pension accrued before and after the Conversion Date on the Member's Early Retirement Date.

12.2 Upon his or her Early Retirement Date, a Member shall receive a Base Benefits pension calculated in accordance with Article V, including any COLA provided under Article VI before pension commencement, plus a bridge benefit calculated in accordance with Section 12.4 and such amounts shall be reduced for early payment in accordance with Section 12.3. The Member shall receive the adjusted Base Benefits pension in the Normal Form Pension described in Section 11.1 or Section 11.2, as applicable, or such optional form of pension as the Member may elect under Section 11.4. The Member shall receive the adjusted bridge benefit payable in equal monthly instalments from the Member's Early Retirement Date to the month of the Member's death or attainment of age sixty-five (65) if earlier. The provisions of Article VI and any adjustments required according to Appendix C apply thereafter.

12.3 Subject to a change being made pursuant to the Funding Policy (which changes, if any, shall be documented in Appendix C from time to time), the Member's Base Benefits pension, and any bridge benefit payable under Section 12.4, shall be permanently reduced for early payment as follows:

- (i) with respect to Pensionable Service prior to the Conversion Date, by one-quarter of one percent (0.25%) for each month (3% per year) between the Member's attainment of age sixty (60) and the Member's attained age at the Member's Early Retirement Date; and
- (ii) with respect to Pensionable Service on or after the Conversion Date, by five-twelfths of one percent (5/12%) for each month (5% per year) between the Member's attainment of age sixty-five (65) and the Member's attained age at the Member's Early Retirement Date.

12.4 A Member's monthly bridge benefit, prior to any reduction applied in Section 12.3, shall be equal to:

- (i) the Bridge Benefit Amount multiplied by the Member's Pensionable Service prior to July 1, 2012; plus
- (ii) the Bridge Benefit Amount multiplied by the Member's Bridge Benefit Service on and after the Conversion Date.

The provisions of Article VI and any adjustments required according to Appendix C apply thereafter. Notwithstanding the foregoing, a Member's annual bridge benefit payable at the Member's Early Retirement Date shall not exceed that permitted under paragraph 8503(2)(b) of the Income Tax Act.

- 12.5 Each Pre-Conversion Deferred Vested Member who was eligible for a deferred pension and had terminated employment with the Employer before being eligible to receive an immediate pension under the CBE Plan, may elect to commence receipt of pension payments on the first day of any month coincident with or following attainment of age fifty-five (55), in which event the Pre-Conversion Deferred Vested Member's Base Benefits pension (and any bridge benefit as calculated under the CBE Plan) including COLA granted after the Conversion Date shall be permanently reduced for early payment by three percent (3%) per year or one-quarter of one percent (1/4 of 1%) for each month between the Pre-Conversion Deferred Vested Member's attainment of age sixty (60) and the Pre-Conversion Deferred Vested Member's attained age at pension commencement. No reduction applies if the Pre-Conversion Deferred Vested Member is age sixty (60) or older at his or her pension commencement date.
- 12.6 The amount by which a reduction of a Member's or Pre-Conversion Deferred Vested Member's Base Benefits pension for early payment or no reduction for early payment in this Article XII is less than an Actuarial Equivalent reduction from the Member's Normal Retirement Date or Pre-Conversion Deferred Vested Member's attainment of age sixty-five (65) is an Ancillary Benefit for purposes of Article VI. In addition, a Member's or Pre-Conversion Deferred Vested Member's bridge benefit payable under this Article XII is an Ancillary Benefit for purposes of Article VI. Upon a Member's or Pre-Conversion Deferred Vested Member's attainment of age fifty-five (55), such Ancillary Benefits become part of the Member's or Pre-Conversion Deferred Vested Member's Base Benefits.

Article XIII
POSTPONED RETIREMENT

- 13.1 In the event that a Member continues in employment with the Employer beyond the Member's Normal Retirement Date, contributions to the Fund by the Member, and in respect of the Member by the Employer, shall cease and Pensionable Service shall cease to accrue on the Member's Normal Retirement Date.
- 13.2 In the event that a Member continues in employment beyond the Member's Normal Retirement Date, the Member shall start his or her Base Benefits pension on the first of the month coincident with or next following termination of employment with the Employer, but in no event shall the pension commencement date of a Member be postponed beyond the date prescribed by paragraph 8502(e) of the regulations under the Income Tax Act. Such pension commencement date shall be the Member's Postponed Retirement Date.
- 13.3 Upon a Member's Postponed Retirement Date, a Member's Base Benefits pension shall be calculated in accordance with Article V then increased by six-tenths of one percent (0.6%) for each month (or seven and two-tenths percent (7.2%) per year) that the Member's Postponed Retirement Date is delayed beyond the Member's Normal Retirement Date and the Member shall receive the Normal Form Pension described in Section 11.1 or Section 11.2, as applicable, or such optional form of pension as the Member may elect under Section 11.4, and the provisions of Article VI and any adjustments required according to Appendix C apply thereafter. Notwithstanding the foregoing, if any portion of the period between the Member's Normal Retirement Date and Postponed Retirement Date is before the Conversion Date, the increase for the portion of the Base Benefits pension that is in respect of Pensionable Service before the Conversion Date is replaced by an Actuarial Equivalent increase.

Article XIV

Such period in respect of a Member participating in the Phased Retirement Option shall be the Member's Phased Retirement Period. For greater certainty, any Pre-Conversion Phased Retirement Participant shall continue to participate in the Phased Retirement Option under the CBE Shared Risk Plan for the duration of the phased retirement period elected under the CBE Plan.

 - (iii) has provided notice to the Board of Trustees and the Employer to participate in the Phased Retirement Option and has agreed to a reduction in bi-weekly work schedule from 100% to 50% or 60% of full-time equivalent and has specified in such notice the Member's Phased Retirement Period.
- 14.3 Participation in the Phased Retirement Option is subject to a six-month notice period, or such shorter period as may be approved by the Board of Trustees from time to time, and can only commence on March 1st, April 1st, May 1st, September 1st, October 1st or November 1st of any calendar year.
- 14.4 The Member may only choose a Phased Retirement Period in accordance with Section 14.1 and a commencement date in accordance with Section 14.3 which ensures that participation in the Phased Retirement Option ceases no later than the month prior to the Member's Normal Retirement Date.
- 14.5 While participating in the Phased Retirement Option, a Member will receive annual lump sum pension pre-payments so that, combined with employment income, the Member's total gross income will equal 85% of full-time Earnings at the date of entry in the Phased Retirement Option. Once the annual lump sum amount has been determined at the date of entry, the annual lump sum amount will remain fixed for the duration of the Member's Phased Retirement Period. The lump sum payment shall be pro-rated to the number of months of participation in the Phased Retirement Option within a calendar year. The first lump sum amount will be made on the date of the start of the Phased Retirement Period and all subsequent lump sum payments shall be made on January 1st of each year following the start of the Phased Retirement Period and up to and including January 1st of the year in which the Phased Retirement Period ends. On the date it is paid, each lump sum payment

The sum of such Actuarial Equivalent lifetime pension offset amounts is to be deducted from the lifetime pension otherwise payable to the Member upon his or her pension commencement date in accordance with Section 14.7.

The Base Benefits pension payable to the Member will be calculated in accordance with Article X or Article XII, as the case may be, and will be adjusted by the total of all Actuarial Equivalent pension offset amounts calculated under Section 14.5 reflecting the total annual lump sum payments received by the Member during such Member's Phased Retirement Period, and the provisions of Article VI and any adjustments required according to Appendix C apply thereafter.
- 14.8 If COLA is granted in accordance with Article VI during the Member's Phased Retirement Period, such COLA shall be added to the Member's Base Benefits (before taking into account the lump sum pension offset amounts), and to the Actuarial Equivalent pension offset amounts calculated under Section 14.5.
- 14.9 In the event of the death or marriage or common law partnership breakdown (in circumstances where a payment to the Member's spouse or former spouse or common-law partner or former common-law partner from the CBE Shared Risk Plan is required) prior to pension commencement by the Member, any entitlement upon such event shall be actuarially adjusted to reflect the total pre-payment of pension received by the Member during the Member's Phased Retirement Period.
- 14.10 The operation of the Phased Retirement Option shall not be affected should a Member participating under this Phased Retirement Option become entitled to benefits under a long term disability plan prior to retirement.

Article XXI
MAXIMUM PENSION

21.1 Notwithstanding any provision to the contrary in this CBE Shared Risk Plan and the Funding Policy, the annual lifetime pension payable to any Member under this CBE Shared Risk Plan, determined at the time of pension commencement, including any benefit payable to a Member's spouse or former spouse or common-law partner or former common-law partner as a result of the breakdown of a marriage or common law relationship, shall not exceed the Member's Pensionable Service multiplied by the lesser of:

- (i) The defined benefit limit, as defined in the Income Tax Act (being \$2,696.67 for pension commencement dates in 2013); and
- (ii) Two percent (2%) of the Member's highest average indexed compensation (as defined under the Income Tax Act) in any three (3) non over-lapping periods of twelve (12) months,

and such maximum amount shall be reduced, if the pension commencement date precedes the earliest of the day on which:

- (i) The Member attains age sixty (60);
- (ii) The Member's age plus early retirement eligibility service (as defined in the Income Tax Act) would have equalled eighty (80); and
- (iii) The Member would have completed thirty (30) years of early retirement eligibility service (as defined in the Income Tax Act) with the Employer,

by one-quarter of one percent ($\frac{1}{4}$ of 1%) for each month by which the pension commencement date precedes such earliest date assuming the Member had continued in employment with the Employer to that date.

This section shall not apply to additional benefits resulting from any increase, not greater than an increase on an Actuarially Equivalent basis, due to deferral of pension commencement after age sixty-five (65) under Article XIII.

21.2 The bridge benefit provided under Section 12.4, if any, and reduced according to Section 12.3, shall not exceed the public pension benefits payable to individuals aged sixty-five (65), determined at the Member's pension commencement date as the sum of:

- (i) the maximum Old Age Security benefit payable to individuals age sixty-five (65); and
- (ii) the maximum benefit payable under the Canada Pension Plan to individuals age sixty-five (65), multiplied by the ratio (not to exceed one) of the Member's highest earnings in three calendar years to the total YMPE for those three (3) years.

If the Member has not attained age sixty (60) at the Member's pension commencement date, the maximum bridge benefit determined above shall be reduced by one quarter of one percent ($\frac{1}{4}$ of 1%) for each month by which the Member's pension commencement date precedes the Member's attainment of age sixty (60). Also, if the Member has not completed ten (10) years of Pensionable Service at the time of pension commencement, the maximum bridge benefit shall be prorated by the ratio of the Member's years of Pensionable Service to ten (10) years.

- 21.3 The bridge benefit payable under Section 12.4, if any, and reduced according to Section 12.3 combined with the annual Base Benefits pension payable to a Member, determined at the time of pension commencement, shall not exceed the sum of:
- (i) The amount determined by multiplying the defined benefit limit, as defined in the Income Tax Act, by the Member's Pensionable Service; plus
 - (ii) Twenty-five percent (25%) of the average of the YMPE for the year in which payments commence plus the YMPE for the two (2) immediately preceding years multiplied by the Member's Pensionable Service (maximum thirty-five (35) years).
- 21.4 Subsequent to a Member's pension commencement date, the maximum annual lifetime pension, maximum bridge benefit and maximum combined lifetime pension and bridge benefit determined under this Article XXI shall be indexed annually according to increases in the Consumer Price Index for Canada as published by Statistics Canada or its successor, over the twelve (12) month period ending October of the immediately preceding Plan Year. For greater certainty, such indexation calculation is solely for the purposes of determining the maxima under this Article XXI.
- 21.5 The provisions of this Article XXI also apply, with the necessary modifications, to each Pre-Conversion Deferred Vested Member upon commencement of pension payments under this CBE Shared Risk Plan.

Article XXII
CHANGES IN EMPLOYMENT STATUS

- 22.1 If, without a break in Continuous Employment, a Member's employment status changes from bargaining to non-bargaining or the Member transfers from a bargaining unit whose members are eligible to participate in the CBE Shared Risk Plan to a bargaining unit whose members are not so eligible, the Member shall cease contributing to the CBE Shared Risk Plan and shall commence contributing to the pension plan applicable to the class of employees to which the Member transfers as from the first day of the month coincident with or next following the Member's date of change of status. Such a Member shall remain a non-contributing Member of the CBE Shared Risk Plan and shall retain the Member's accrued rights and benefits.
- 22.2 Under no circumstances shall a Member be entitled to contribute to or accrue benefits under the CBE Shared Risk Plan in respect of any period of employment during which the Member is entitled to contribute to or accrue benefits under any other pension plan to which the Member's Employer is contributing.

Article XXIII
AMENDMENT OR DISCONTINUANCE OF THE PLAN

- 23.1 Subject to Section 23.2, the CBE Shared Risk Plan may be amended by the Board of Trustees from time to time.

- (i) Participation or eligibility requirements for the CBE Shared Risk Plan;
 - (ii) Composition and powers of the Board of Trustees; and
 - (iii) Parameters of the Initial Funding Policy (subject to amendments required to comply with a law or regulation as set out in the Funding Policy).
- 23.3 The Province and the Unions intend and expect to continue the CBE Shared Risk Plan indefinitely. However, if unforeseen circumstances beyond the control of the Province and the Unions result in the discontinuance of the CBE Shared Risk Plan by the Province and the Unions, the assets of the Fund shall be used to provide benefits for Members, Pre-Conversion Retirees, Other Pre-Conversion CBE Claimants, Claimants and their beneficiaries in accordance with the relevant provisions of the CBE Shared Risk Plan and the Pension Benefits Act.
- 23.4 In the event of the termination of the CBE Shared Risk Plan, all Members shall be deemed to be vested in their accrued benefits for all purposes, whether or not such Members have attained the Vesting Date.
- 23.5 Upon discontinuance of the CBE Shared Risk Plan, in whole or in part, any assets of the Fund shall first be used to discharge all liabilities under the plan for the accrued Base Benefits, as adjusted in accordance with Appendix C, of the affected Members, Pre-Conversion Retirees, Other Pre-Conversion CBE Claimants, Claimants and their beneficiaries in accordance with the Pension Benefits Act and the Funding Policy. If there are additional assets, these may be used to provide Ancillary Benefits in accordance with the Pension Benefits Act and the Funding Policy. If there are surplus assets remaining after the discharge of liabilities for the accrued Base Benefits and any Ancillary Benefits, such assets shall be distributed to the Members, Pre-Conversion Retirees, Other Pre-Conversion CBE Claimants and their beneficiaries, in accordance with the Funding Policy and the Pension Benefits Act. If, upon the discontinuance of the CBE Shared Risk Plan, the assets of the Fund are insufficient to discharge all liabilities under the CBE Shared Risk Plan for the accrued Base Benefits, as adjusted in accordance with Appendix C, of the affected Members, Pre-Conversion Retirees, Other Pre-Conversion CBE Claimants, Claimants and their beneficiaries, such Base Benefits shall be reduced in accordance with the Funding Policy and the Pension Benefits Act.

Article XXIV

- 24.1 The CBE Shared Risk Plan shall be effective from and after the Conversion Date. All conversion benefit calculations will be made as of that date without regard to any administrative changes required to effect the conversion.
- 24.2 Benefits accrued under the CBE Plan shall be converted effective the Conversion Date in accordance with the provisions hereof and the Pension Benefits Act.
- 24.3 Effective as of the Conversion Date, no person who has any entitlement under the terms of the CBE Shared Risk Plan shall have any entitlement or claim under or with respect to the CBE Plan.
- 24.4 From the Conversion Date until such time as the newly constituted Board of Trustees is established in accordance with Article XV, the Pension Committee for the CBE Plan (the “**Pension Committee**”) shall be the acting Board of Trustees and the administrator of the CBE Shared Risk Plan and shall be vested with all the rights, powers and duties of the Board of Trustees hereunder and under the Pension Benefits Act.
- 24.5 Once the newly constituted Board of Trustees is established in accordance with Article XV, the Pension Committee shall cease to act as trustees of the CBE Shared Risk Plan and shall not have any further powers, duties, responsibilities or liabilities hereunder or under the Pension Benefits Act.
- 24.6 This CBE Shared Risk Plan is subject to the Pension Benefits Act and the Income Tax Act.

Article XXV
PURCHASE OF PAST SERVICE

25.1 Subject to any requirements under the Income Tax Act, a Member may apply to the Board of Trustees to purchase past service for:

- A lay-off period as covered under the terms of the applicable Collective Agreements for the period allowed for under the applicable Collective Agreement, provided the Member did not take a refund for service prior to the lay-off period, and provided further that the Member was a member of the CBE Plan or CBE Shared Risk Plan immediately prior to such lay-off period (“**Lay-Off Period**”);
- A period of absence from employment authorized by the Employer, including maternity leaves, where the Member was a member of the CBE Plan or CBE Shared Risk Plan immediately prior to commencing such period of absence from employment (“**Approved Leave of Absence Period**”);
- The waiting period between the Member’s date of hire with the Employer and the date of joining the CBE Plan or CBE Shared Risk Plan, if any; provided that the Member was not a member of another pension plan sponsored by the Employer during such period (the “**Waiting Period**”);
- A period of prior non-contributory service with the Employer when the Member was employed in a position under a Collective Agreement and was not eligible to participate in the CBE Shared Risk Plan or the CBE Plan; provided that the Member was not a member of another pension plan sponsored by the Employer during such period (“**Prior Non-Contributory Service**”);
- Previous periods of service under the CBE Plan or the CBE Shared Risk Plan, or under any pension plan covered by the Intra-Provincial Reciprocal Agreement, for which the Member previously received a refund of contributions (“**Prior Refunded Service**”); and
- Previous periods of service under the CBE Plan or the CBE Shared Risk Plan, or under any pension plan covered by the Intra-Provincial Reciprocal Agreement, for which the Member previously received a payment or transfer of the commuted value or termination value, as applicable (“**Prior Transferred Service**”).

Where the cost to purchase such past service under Sections 25.2 through 25.10 is determined based on “the Member’s rate of Earnings in effect at the date of application to purchase”, such rate of Earnings means the annualized Earnings determined on a full-time basis for any Member who is working less than Full-Time for the Employer at the time of the application.

25.2 A Member who is an Employee may purchase past service for a Lay-off Period or an Approved Leave of Absence Period within one (1) year of the date of returning to employment following such period. The cost to purchase such past service under the CBE

Shared Risk Plan is equal to the required Member contributions for the Lay-off Period or Approved Leave of Absence Period being purchased calculated using the Member's full-time equivalent percentage at the beginning of such period and the CBE Shared Risk Plan Member contribution rate and the Member's rate of Earnings both in effect at the date of application to purchase.

For greater certainty, no such rules may impact Employer contributions.

25.13 Subject to such rules and conditions as may be approved by the Board of Trustees from time to time, an Employee who becomes a Member in accordance with Section 3.5 may elect to transfer the Employee's money-purchase account from the Part-Time Plan to the CBE Shared Risk Plan in order to purchase a period of Pensionable Service in respect of the Employee's employment with the Employer prior to the Conversion Date, subject to the limitations prescribed under the Income Tax Act and subject to the certification of any past service pension adjustment required by the Income Tax Act.
