Remittance Due Dates

Many of the pension plans administered by Vestcor are now subject to the *Pension Benefits Act (PBA)*. The *PBA* requires that employee and employer contributions be made to the pension trust fund within 15 days following the month in which the contribution is withheld by the employer.

In order to ensure compliance with the *PBA*, all reporting employers must remit their pension contributions by the 3rd (third) business day of the month following the month in which the contributions were withheld. This will ensure that Vestcor has sufficient time to calculate and process employer contributions prior to the 15th of the month deadline.
